Activities at the ACES 2009 Conference

Thursday, October 15

9:15 am – 10:15 am Essentials for CSI Chapter Faculty Advisors

Every Chapter Faculty Advisor can benefit from this session on what is essential to earning a chapter rebate (\$7/active member), to fostering a chapter leadership capable of reducing CFA effort, and to benefiting from a headquarters operation designed to support them.

5:15 pm – 6:15 pm Regional Chapter Networking

CSI has five regions that correspond to those of ACES geographically. Several state counseling associations as well as regional ACES organizations have helped sponsor CSI chapters in conducting programs, poster sessions, and training during their state and regional meetings. In addition, a few states have chapters that have made mini-conferences of their own in collaboration with other chapters. CSIs Regional Chapter Facilitators and headquarters help to facilitate such efforts. Come learn how!

Saturday, October 17

5:30 pm - 7:00 pm “How To’s” of Successful CSI Chapters

Active, successful chapters report on similar activities in their annual reports and plans. Round table presentations, discussion and sharing by those who know how to conduct successful membership efforts, initiations, leader mentoring, newsletters, websites, social activities, professional development, and etc will be available to answer questions and share experiences.

Moderators:

Catharina Chang, CSI President, Georgia State University
Tom Sweeney, CSI Executive Director
