The 2010 recipient of the Outstanding Individual Program Award is

ZETA

University of Alabama-Birmingham
Birmingham, Alabama

“Professional Development Series”

The ZETA Chapter offers a Professional Development Series to students. Seminars are held monthly and are divided into two tracks: Topics in Profession (TiP) and Theme Series. The TiP series enlists local professionals to speak to students about current, relevant issues in the counseling field, including: Licensure in Alabama, Alternative Therapies, Counseling and Women’s Issues, and Counseling Behind Bars. The Theme series supports the Chi Sigma Iota national theme chosen each year by the CSI President. This year, the Theme series is offering seminars on “Excellence.” The Zeta Chapter Board is responsible for arranging for the guest speaker, advertising, arranging for CEU’s for Licensed Professional Counselors, and providing refreshments. Perhaps the most unique aspect of this program is collaboration between the Zeta Chapter and the UAB Counselor Education Program. The UAB Counselor Education Program supports the Professional Development Series by 1) devoting one half hour of class time towards each seminar and 2) requiring that each student attend 15 hours of professional development during their time in the program. All in all, this is innovative program, and ZETA deserves to be recognized for the crucial role their program plays in the professional identity and educational development of counseling students at UAB.

The 2010 Outstanding Chapter Award Recipient (Large Chapter) is

ETA

Youngstown State University
Youngstown, Ohio

The Eta Chapter of Chi Sigma Iota is a unique larger chapter composed of only masters-level students. The chapter has made outstanding accomplishments that are both unique and innovative. For the past two years, Eta Chapter has taken the initiative to unite all Ohio chapters of Chi Sigma Iota at the All Ohio Counselors Conference for a workshop entitled "Ohio Chi Sigma Iota Leadership Meeting: Connecting with Chapters Across the State." Eta Chapter has made exceptional efforts to serve the Youngstown area through several community service events. Most notably was their participation in a Pajama Program that provided approximately \$10,000 in cash and clothing for a local women and children's housing program.

The chapter was also able to secure a grant through Chi Sigma Iota International to start a mentorship program that enabled second-year students to support and guide incoming counseling students. The accomplishments, involvement, and activities of the master's students and alumni who support this larger chapter make the Eta Chapter deserving of the Chi Sigma Iota Outstanding Chapter Award.

The 2010 Outstanding Chapter Award Recipient (Small Chapter) is

BETA ALPHA

Northern Arizona University
Flagstaff, Arizona

In the Spring of 2009, faculty members at Northern Arizona University initiated the re-emergence of the department chapter's counseling academic and professional honor society. During this short time period, Beta Alpha accrued 21 members, as well as initiated several chapter activities and community service events. One of the chapter's initial activities included the development of a website and the dissemination of an on-line needs assessment to determine the chapter's future direction. Beta Alpha also initiated two shelter services drives to support homeless individuals in the county.

In the Spring of 2009, they partnered with Students for Sustainable Living and Urban Gardening (SSLUG) to improve campus sustainability. In October Beta Alpha members rallied alongside 600 community members to support the First Annual National Alliance of Mental Illness (NAMI) Walk in Northern Arizona. The event raised \$36,000 for mental illness awareness and support.

According to Sara Preseler, the Mayor of City Flagstaff, "the Beta Alpha Chapter of CSI models a true investment their community by helping others sustain better lives." Clearly, the Beta Alpha chapter truly exhibits excellence in scholarship, advocacy, professionalism, leadership, and outreach.

The 2010 CSI Outstanding Research Award Recipient is

NATHANIEL IVERS & Co-Author Jane Myers

**“Morality Salience and Worldview Defense:
Effect Death Awareness and MCC”**

Upsilon Nu Chi Chapter

University of North Carolina at Greensboro
Greensboro, North Carolina

Dr. Ivers and his co-author and Chapter Faculty Advisor, Dr. Jane Myers, receive the Outstanding Research Award for a study entitled *Mortality Salience and Worldview Defense: The Effect of Death Awareness on Multicultural Counseling Competence*.

The study addresses the effect of death awareness on multicultural counseling competence (MCC) in an experimental study of 141 counseling students. Experimental group participants self-rated their MCC lower than did those in the control group. The finding that increased death awareness affects counseling students' self-perceived MCCs has direct implications for counselor preparation to better serve clients who are culturally different from their counselors and opens up a whole new frontier in multicultural counseling research.

These results change the domain of multicultural counseling from focusing on surface and obvious issues, which are important, to more subtle and ultimately more significant issues, such as counselors' concerns about their own morality when considering how open they can be to others. Additionally, the experimental nature of the methodology is a strength of this study as it provides a needed contribution to the evidence base for counselor preparation and practice.

OUTSTANDING CHAPTER FACULTY ADVISOR AWARD

Purpose of Award:

The Outstanding Chapter Faculty Advisor Award was established to recognize outstanding members who mentor, lead, and support the new leaders of the profession through their university chapter of CSI. This award is for faculty members in counselor education who perform their role with excellence as defined by criteria established to identify active chapters, those that promote recognition of excellence within their membership and chapter, and who advance the profession through service and scholarship. Up to two such individuals may be recognized for this award each year, one each from large and small chapters.

The following criteria were also considered:

- The chapter has been active for at least three consecutive years.
- The CFA has served in the role for at least five consecutive years (may accrue through service to more than one chapter but most recent service for the nominating chapter). Chapter has a membership renewal effort including outreach activities designed to interest and serve graduates of the program.
- During the CFA's past three year tenure, there is evidence of chapter activity from annual reports.

The 2010 CSI Outstanding Chapter Faculty Advisor Award Recipient is

DR. JANE E. MYERS
Upsilon Nu Chi Chapter

University of North Carolina at Greensboro
Greensboro, North Carolina

As the Chapter Faculty Advisor for the University of North Carolina at Greensboro Upsilon Nu Chi chapter for over 15 years, Dr. Jane Myers was also CFA at two other universities. These included the first charter chapters of CSI, Alpha of Ohio University and Beta of the University of Florida, respectively. In addition she was a faculty advisor for a Rho Chi Sigma chapter before they merged with CSI. In all, Dr. Myers has been a Chapter Faculty Advisor in one capacity or other for 25 years!

Her mentees include officers, committee chairs, and editors of CSI, ACA divisions, regions, and branches as well as ACES. Her chapters have been notable for awards related to service to their counselor education programs, outreach projects to the community and campus, and awards and grants for chapter and individual excellence in research, leadership, and service.

One nominee referred to her as “an extraordinary leader and quite simply one of the finest CSI professionals I know.” Another nominee notes her commitment to developing student leaders. In short, Dr. Jane E. Myers creates a “culture of leadership and service.” Anyone who has read her vita will attest to the fact that in addition to her many leadership positions and awards she is also both a prolific researcher and scholar. It is only fitting that she be the first recipient of the CSI Outstanding Chapter Faculty Award.

Dr. Herr is a prolific author, with more than 45 books and monographs, 225 refereed journal articles, and 50 book chapters. His books are widely used in counselor preparation programs.
